Rosecut Cookie Policy

Effective as of 26 August 2019

Hello, and welcome to Rosecut's Cookie Policy ("Policy").

The objective of this Policy is to provide you, as a user of Rosecut's services, with clear and accessible information about the cookies that Rosecut uses, the role they play in helping us provide the best possible experience to you and the choices you have when it comes to your cookie settings.

1. What are cookies and other similar technologies?

Cookies are text files which are downloaded to your device when you visit a website. They are useful because they allow a website to recognise a user's device. You can find more information about cookies at: www.allaboutcookies.org or www.youronlinechoices.eu.

The term cookie actually describes a range of technologies, including:

- pixel tags (transparent graphic images placed on a web page or in an email, which indicate that a page or email has been viewed),
- mobile device identifiers, and
- web storage used in desktop software or mobile devices.

We'll use the term cookie throughout this Policy to cover all of these technologies, but we'll make sure we provide you with clear details about them all so that you can make informed choices about your cookie settings.

Cookies do lots of different jobs, like letting you navigate between pages efficiently, remembering your preferences, and generally improving your user experience. They can also help to ensure that ads you see online are more relevant to you and your interests.

There are a few different categories of cookies, including:

Session and Persistent Cookies

- *Session Cookies* - these are cookies which expire once you close your web browser; and
- *Persistent Cookies* - these are cookies which stay on your device for a set period of time or until you delete them.

First and Third Party Cookies

- *First-party cookies* - these are cookies set by the website that you are visiting at that time, either by us, or by a third party at our request;
- *Third-party cookies* - these are cookies that are set by a party other than that of the website you are visiting. If you visit the Rosecut website or use the Rosecut Service and another party sets a cookie through that website this would be a third-party cookie.

Cookies also differ depending on the purpose they are used for, including:

Cookie Type	Purpose
Strictly Necessary Cookies	These cookies are essential in order to enable you to use the features of our services, such as maintaining your financial planning and investment data. Without these cookies, most Rosecut services cannot be provided.
Performance Cookies	These cookies collect information about how visitors use our services, for instance which pages visitors go to most often, and if they get error messages from web pages. These cookies collect anonymous information on the pages visited. All information these cookies collect is aggregated and therefore anonymous. It is only used to improve how our services perform. Web analytics that use cookies to gather data to enhance the performance of a website fall into this category. For example, they may be used for testing designs and ensuring a consistent look and feel is maintained for the user. This category does not include cookies used for behavioural/targeted advertising networks.

Functionality Cookies	These cookies allow the website to remember choices you make (such as your user name, language or the region you are in) and provide enhanced, more personal features. These cookies can also be used to remember changes you have made to text size, fonts and other parts of web pages that you can customise. The information these cookies collect may be anonymised and they cannot track your browsing activity on other websites. These cookies remember choices you make to improve your experience. If the same cookie is used for re-targeting they must be included in the 'Targeting or advertising cookies' category as well. It might also include cookies that are used to deliver a specific function, but where that function includes cookies used for behavioural/targeted advertising networks they must be included in the 'Targeting or advertising cookies' category as well as this category.

2. How does Rosecut use cookies?

Rosecut, or our service providers acting on our behalf, uses the types of cookies identified in Section 1 above in the following ways:

Cookie Type	Purpose
Strictly Necessary	These cookies are necessary to allow us to operate the Rosecut Service as you have requested. For example, they let us recognise what type of user you are and then provide you with services accordingly.
Performance / Analytics	We use cookies and other similar technologies to analyse how the Rosecut Service is accessed, is used, or is performing. We use this information to maintain, operate, and continually improve the Rosecut Service. We may also obtain information from our email newsletters or other communications we send to you, including whether you opened or forwarded a newsletter or clicked on any of its content. This information tells us about our newsletters' effectiveness and helps us ensure that we're delivering information that you find interesting.

Functional	These cookies let us operate the Rosecut Service according to your preferences. For example, when you continue to use or come back to the Rosecut Service, we can provide you with our services based on information you provide to us, such as remembering your username, how you have customised our services, and reminding you of content you have enjoyed or listened to on the service previously.

3. How to manage your cookie preferences

Browser Cookies

You can withdraw or modify your consent to our use of cookies at any time. If you no longer wish to receive cookies you can use your web browser settings to accept, refuse and delete cookies. To do this, follow the instructions provided by your browser (usually located within the "Help", "Tools" or "Edit" settings).

Please note that if you set your browser to refuse cookies, you may not be able to use all the features of the Rosecut website. To find out more information, you can visit www.allaboutcookies.org.

Mobile Identifiers

On your mobile device, your operating system may provide you with additional options to opt out of interest based advertising or to otherwise reset your mobile identifiers. For example, you may use the "Limit Ad Tracking" setting (on iOS devices) or a setting to "Opt out of Interest-Based Ads" (on Android) which allows you to limit the use of information about your use of apps for purposes of serving ads targeted to your interests.

Cookies on the Rosecut Desktop Application

You can withdraw your consent to our use of cookies on Rosecut desktop application at any time. If you no longer wish to receive cookies, navigate to your Account Settings page and turn on the Desktop Cookie Opt-Out feature. When the feature is turned on, it will block cookies from that installation of the Rosecut desktop application on that computer; if you have Rosecut installed on more than one machine, or if you re-install the application, then you will need to turn the feature on for each installation. You will need to restart the application for this feature to take effect.

Please note that if you set the Rosecut desktop application to block cookies, then your Rosecut experience may be affected.

4. Updates to this Policy

We may occasionally make changes to this Policy.

When we make material changes to this Policy, we'll provide you with prominent notice e.g., by displaying a prominent notice within the Rosecut Service or by sending you an email. We may notify you in advance.

5. How to contact us

Thank you for reading our Cookie Policy. If you have any questions about this Cookie Policy, please contact our Data Protection Officer by using the 'Contact Us' form on the Rosecut Website or by writing to us at the following address:

Rosecut Technologies
2 Portman St, Marylebone, London W1H 6DU
United Kingdom

We hope you enjoy Rosecut!
